

Are you out of circuits in your electrical panel?

Do you only have 70 Amps or less at your electrical panel?

Do you have a messy and cluttered panel?

We can help!

100 amp packages 200 amp packages

A panel change can:

- increase the value of your home for resale
- allow the accessibility to add extra circuits ex. A/C, hot tub, garage power etc.
- tidy up unsightly wiring around panel

A service upgrade with a new panel can:

- increase the value of your home for resale
- possibly decrease insurance premiums
- tidy up unsightly wiring around your panel
